

The global leader

For value retention worldwide!

Globalpartner

Glasurit has been the exclusive global technical advisor of the international classic car association FIVA (Fédération Internationale des Véhicules Anciens) on all paint-related matters since 2016. FIVA has over two million members worldwide. As such, Glasurit is better connected in the global classic car scene than any other paint brand. Classic car owners, clubs, insurance companies and vehicle appraisers in numerous countries around the world benefit from Glasurit's Classic Car Colors service.

Globalpartner

Has your paintwork seen better days

We have the solution!

130 years of practical experience make Glasurit the international partner of choice when it comes to refinishing classic vehicles.

The solution you're looking for is: [Glasurit Classic Car Colors!](#)

Our service provides you with professional support with everything from finding the right paint color to a network of specialist bodyshops, and thus the answers to two of the most frequent questions concerning classic car refinishing:

- How can I find the original color?
The Glasurit color database allows you to determine every original paint color - including for historic vehicles.
- How can I find a competent bodyshop?
Glasurit's classic network currently includes over 150 workshops throughout Europe that have the experience and specialist knowledge required for repairing and restoring historic vehicles.

You can find the brief answer to both questions at: classiccarcolors.com

?

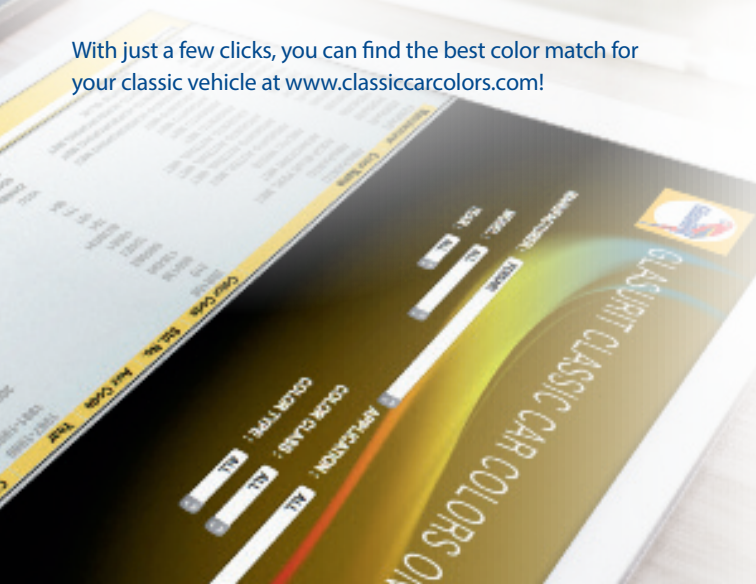

The most comprehensive color archive there is

Sought – found!
